

The second year's work—it's done. Standing upon the threshold of the third—we look back upon the 12 months just completed with that pride and satisfaction that is the reward only of a good work well performed. We have conscientiously served you to the very best of our ability-never for a moment losing sight of the platform upon which we first and last solicit your patronage—the one thing above all things that we consider our special mission in this market, namely, to furnish:

Better Goods for the Same Money, or the Same Goods for Less Money Than Elsewhere.
